## 2,266 Register To Vote On School Proposition; Postmaster Edward A. Rice To Retire On July 1

### Mary E. Bannon Backed For Post by Carreau And Local Organization

Edward A. Rice has announced that he will retire from office on July 1, after having served as postmaster in Freeport for sixteen years, as he has passed the age limit for remaining in office. Mrs. Mary E. Bannon, Democratic Zone Leader, has been recommended to Washington for the post by Rene A. Carreau, the County Leader, and endorsed by the 34 district committeemen of the village and Freeport Democratic Club.

Edward Rice was named provisionally as postmaster in 1934, the year after Franklin D. Roosevelt became president, and on passing the required civil service examination, the appointment was made permanent. He has watched business here grow by leaps and bounds as the village grew during his time in office. The Postmasters Association of Nassau County has arranged a dinner for Mr. Rice to be given in Guy Lombardo's East Point House on Thursday night, June 22.

Mrs. Bannon has been a resident of Freeport for 30 years and head of the party for ten years.

### P.B.C. Station Wagon Fund Passes \$2,000

The fund being raised with which to provide a station wagon for Patrolman Joseph Romelka, director of the Freeport Police Boys Club, has passed the \$2,000 mark. However, another \$1,000 is needed to make it possible to acquire the vehicle. Those behind the movement want to have funds in hand to make the purchase by July 15. Additional contributions may be sent in care of Director Romelka at the P.B.C. headquarters in the Municipal Building.

The entertainment group put on a show for the Teen Age Editors Association at Hofstra College recently. Dancing followed. Bill Burns officiated as master of ceremonies. There was an attendance of 358 boys and girls from the numerous school newspapers in Nassau County.

Herman Stenzler, blind accordionist, played; Tom Chester and John Healey sang duets; Chester and Kathleen Collins, danced, and Little Miss Collins did the rumba and other dances.

### Weather Favors Firemen; Throngs Attend Carnival

The weather has favored the firemen thus far this week and throngs have been drawn to the department's carnival now in progress at West Sunrise Highway and Bayview ave. The numerous rides, booths, and other attractions have been liberally patronized and a substantial sum is assured the welfare fund for which the carnival is being conducted.

### MRS. BARTHOLOMEW HEADS SHUBERT SCHOOL P.T.A.

Mrs. Frank Bartholomew, 126 California ave., was installed as president of the Parent-Teacher Association of the Calvin Coolidge School, Baldwin, at exercises in the school auditorium, Tuesday afternoon. Miss Kathleen Owen, principal of the Lenox School, Baldwin was the installing officer.

Mrs. Rex Palmer, 134 Connecticut ave., the historian, gave the report on "Our Year."

### DIANE LUCAS BACK ON TV

Diane Lucas, noted cooking authority who glamorized kitchen arts for television last year, is returning to the TV screens with a sponsored half-hour cooking demonstration over WJZ-TV Channel 7. Bridge from 1 to 1:30 P.M. The new series will start tomorrow and the initial sponsors include the Bohack Food Markets.

### Elks Plan Elaborate Flag Day Rites With Parade, Exercises On Grounds

Elaborate plans for the observance of Flag Day next Wednesday have been arranged by the Freeport Lodge of Elks in co-operation with the five other lodges in Nassau County, and various veterans organizations and other groups. There is to be a parade followed by patriotic exercises on the grounds of the Elks clubhouse.

The parade is to be assembled in Pine st., between Bergen pl. and Long Beach ave. The first division will be made up of the members of the Elks lodges, while members of the American Legion, Veterans of Foreign Wars, Disabled American Veterans, Catholic War Veterans and the Marine Corps League will comprise the second.

The third will consist of the Freeport Fire Department, Boy and Girl Scouts, the Freeport Police Boys Club, and miscellaneous organizations.

Assembling at 7:30 o'clock, the parade is expected to move by 8, moving north on Long Beach ave. to Sunrise highway, east on the southside of the highway to Main st., south on Main st. to Merrick rd., and thence back on Merrick rd. to the Elks property.

There the program will get under way with the singing of "Hail Columbia," followed by the massing of colors by organizations, the giving of the Pledge of Allegiance, singing of "The Star Spangled Banner" and a welcoming address by Mayor Robert L. Dossie. Then the Elks will take over and carry out the prescribed Flag Day ritual including an explanation of the history of flags by Milford P. VanRiper. There also will be an address. Past Exalted Ruler Rene A. Carreau of the local lodge, is chairman of the Flag Day committee.

Mayor Dossie this week issued a proclamation calling on the citizens of Freeport to observe Flag Day.

### FRIEDMAN'S PHARMACY OPEN ALL DAY SUNDAY

Friedman's Pharmacy, South Groz st. at Sunrise Highway, will remain open Sunday after the other drugists in Freeport close at 2 P.M. The telephone is FR9001.

### Rotarians to Aid Fund For S. Nassau Hospital

Members of the Rotary Club of Freeport are to co-operate in raising a considerable sum this year to be contributed to the \$1,250,000 expansion building fund of the South Nassau Communities Hospital.

At the weekly meeting of the Club Thursday in the Elks clubhouse, a committee was authorized to solicit contributions from among the members to be included in the advance gifts period of the campaign. The various donations will be lumped and presented to the institution.

President Ray E. Clements has appointed Secretary Charles P. Shinn, Jr., C. Oliver Moore, W. Sargent Nixon and Cyril C. Ryan to this committee.

Congressman Leonard W. Hall is to give the address at tonight's meeting of the club. The program is being arranged by members who have joined the club during the past year.

### Board Sets Policy On Cleaning Up Lots; Care of Curb Trees

To Enter Premises and Charge Property Owner; Tables Other Ordinance

The Village Board at its meeting Monday night set two precedents when it voted to adopt an ordinance permitting village employees to enter on private property for the purpose of clearing out combustible and potentially inflammable materials and assess the cost against the owner, and tabled action on a proposed ordinance making property owners responsible for the removal of side-walk trees.

These actions were taken following hearings on the two proposed ordinances and were in accordance with unanimous views expressed by those in attendance.

The ordinance relating to the removal of "grass weeds" and similar inflammable materials from vacant lots. Numerous speakers joined in advocating the adoption of the ordinance. They pointed to the tall grass that is permitted to grow in some sections of the village and its menace as a fire hazard when it dries up. As the conclusion of the hearing, the ordinance was adopted.

Wants Policy Settled  
Mayor Robert L. Dossie explained at the outset of the hearing on the proposed ordinance relating to the removal of side-walk trees, that the matter was one concerning which there were differing opinions, and the board would like to have a policy adopted that would meet with the approval of the residents of Freeport. He pointed out that there were numerous trees in the village which should be removed because of their condition and said it was a question as to whether the village or the individual property owner should bear the cost.

Various speakers pointed out that the cost of removing trees frequently runs into a couple hundred dollars which some property owners cannot afford to pay. They asserted that if the village assumed the cost, it would be borne by all the property owners at a negligible cost to each.

After hearing all the arguments, Mayor Dossie announced action on (Continued on Page 13)

### Election to Take Place Thursday; Plans Chanced To Give 21 Classrooms

Including those who registered last April for the annual school meeting in May, 2,266 persons have qualified to vote at the special election next Thursday to determine whether a school shall be erected on the South Bayview ave. site at an estimated cost of \$1,300,000 to relieve congestion in the Archer st. school and the Junior High School.

Approximately 2,000 enrolled last Friday and Saturday, which were designated as registration days. Of the total registered, 1,469 persons live south of the railroad tracks and 197 in the north, a ratio of approximately 2 to 1 being in the south.

Leo F. Giblyn, president of the Board of Education, revealed during the week that after consultation with Architect Frederic P. Wiedersheim, a way had been found to add three class rooms to the capacity for the new building making a total of 21, without increasing the cost of the structure. This is to be done by a rearrangement of the auxiliary rooms, making some of them smaller, and by eliminating some excavating that had been planned.

The building is to be two stories in height with about half the class rooms on the second floor. There will be two kindergarten rooms, an auditorium with a seating capacity of 500, a gymnasium, health room, cafeteria, library, home making room, industrial arts shop, music room, administrative offices, teachers' rooms, and boiler room.

When the building is completed, if the voters approve the project, all the elementary pupils will be transferred from the Grove st. school, making the entire building available for the use of the Junior High students and additional classes will be shifted from the Archer st. school which is overcrowded, so each child will be assured of a seat.

A Citizens Committee has assisted the members of the Board of Education in explaining the needs for the additional school facilities in the southern section of the village to various groups at their meetings.

This committee comprises: William Allen, president of the South-west Civic Association, and Wilbert E. Watson, president of the Atlantic South Civic Association; co-chairmen, Mrs. Harry Goldstein, president of the Central Council of Parent-Teacher Associations, and Mrs. Arthur D. Eastwood and E. Edward M. Volker, of the Archer st. P.T.A., assistant chairmen; Mrs. Robert H. Baron, Southwest civic, canvassing chairman; Mrs. Virgil L. Delevy, Northeast; Mrs. Carl E. Thompson, Southwest; Mrs. Clement Winter, North; Mrs. William H. Roblin, Atlantic South; and Mrs. Jesse Taylor, Southwest, district captain. The committee also includes: Captain Raymond Malone, Southwest; Arthur Muller, Northeast; John C. McMichael, Northwest, and Philip F. LaPera, Archer Dads Club, civic association; J. Wesley Southard, Franklin Grove st. School; Mrs. Fablen Archer at P.T.A.; Mr. Malone and Clayton Williamson, principal Archer st. school.

The polls will be open for voting next Thursday from noon until 9 P.M. in the corridor of the auditorium of the high school building.

## The Editor's Notebook

I notice by the news in the papers that Congress wants to do something for the small business man. I gather from talking to many small business men, the great majority of them prefer to be left alone to work out their own problems. However, if Congress wants to do something for them every small business could use a man just to fill out all the forms received from our government.

There ought to be a law. Sunday drivers are often fooled by the "fresh vegetables" gag worked along many a main highway. Many have bought "strictly fresh" eggs right out of cold storage cases. We have many phony farmers taking advantage of the Sunday food sales law. Yes, there ought to be a law.

I'm going to vote YES for the new school, and I'll tell you one reason why. When I first came to this community about fifteen years ago I found many facilities existing which were not paid for by my tax dollars, but by some other person's thinking and planning, effort and money. Through these years my family and I have enjoyed these privileges. Is it not fair, then that my family and I try to return to our community at least as much for those who will succeed us as was provided for us by those who preceded us?

## Oscar Pultz Elected Story Legion Head

Plans for Convention Here June 24 Revealed; Post Membership 549

Oscar J. Pultz was elected to succeed Kenneth E. Vought as commander of William Clinton Story Post, A.L., at the annual meeting Friday night in the Dugout. Elected with him were Charles F. Mountcastle, Hubert, McLellan and M. Gordon Simonson, vice-commanders; Merrill Uhe, treasurer; Reynold Wolff, recording adjutant; Mr. Vought, corresponding adjutant; John Uhl, personnel officer; George V. Maurer, Herman C. Dunker and Irving Ullian, trustees; William McCloskey, Gerald Robson, C. Willard Helland, Frederick Gilbert, Gregory Murray, William Stagemaler, Fredrick Auerbach and all the officers, executive committee.

In a contest for the office of first-vice-commander, Mr. Mountcastle defeated William Judge, 35 to 31, and on motion of the loser the election was made unanimous. The new county commander will conduct the installation of officers in July.

Mr. Dunker, announced plans for the County convention to be held here on Saturday, June 24, with business sessions in the high school, the first at 10 A.M. C. Howard Larsen, past commander of Story post, is running unopposed for County Commander. Dinner will be served in the Dugout at 7:30 to a number limited to 250. Dancing and entertainment will conclude the day's program. With all the business of the convention confined to one day the usual parade is to be omitted, but the 40 and 8 will have

its annual procession the previous night.

Twenty-two delegates and alternates were named to represent the post at the convention. Announcement was made that the recent Saturday night dance at the Dugout was so successful another would be held shortly. Announcement was made the post ended the fiscal year with a paid up membership of 549. Frank W. Hommel, Samuel A. Mareo, David O. Fredsall, Karl H. Zachfeld and Pasquale L. Cavallo were received as members. The Post will join with the Elks in the observance of Flag Day next Wednesday night.

## VanBaar Brown Head Of Northwest Civics

Succeeds McMichael  
Sent to Pittsburgh;  
Chuisano Gives Talk

VanBaar Brown has been named by the Board of Governors to succeed John O. McMichael as president of the Northwest Civic Association as a result of the latter's transfer to Pittsburgh by the Long Island Rail Road by which he is employed. Mr. McMichael was chosen at the May meeting for a second term as head of the organization and submitted his resignation when he moved from Freeport. Mr. Brown presided at the monthly meeting Monday night in the cafeteria of the Seaman ave. school. A letter of appreciation commending Mr. McMichael's leadership of the organization for a year and a half was ordered sent him.

Superintendent of Highways Harry J. Chuisano addressed the association. He explained the problems of his department and told how the rainy spring had delayed the work of improving streets in the area. He displayed the new metallic enamel crossbar street signs which are to replace the present wooden signs within a period of five years. They are to have white letters on a black background and will be 18 inches in length. The new signs will be substituted for the old ones as they have to be replaced.

William Duncan, assistant superintendent of the Freeport Post Office explained the plans for curtailing the mail service here in compliance with orders issued by Postmaster General Jesse M. Donaldson to effect economies. He read the instructions issued by the Postmaster General on April 18 and answered questions asked by the members.

Howard Thompson was named to take the place of Mr. Brown when he was moved up from vice-president to the presidency of the association.

Announcement was made that the State Department of Public Works had started the installation of a traffic light at Brookside ave. and Sunrise highway. The police were commended for their response

## South Nassau Communities Hospital Drive Leaders At Kick-Off Dinner

Theodore J. Bourguignon, general chairman of the South Nassau Communities Hospital's expansion program to raise \$1,250,000, presided at a campaign leaders' kick-off dinner which was held at the Freeport Elks Club.

About 200 persons attended the dinner which was given to spark the initial gifts and public relations phase of the campaign, which is in full swing right now. This phase will last until Oct. 12 when the general solicitation phase will begin. The full support of the hospital family was pointed up, when progress reports on the Medical Staff Campaign Committee's \$250,000 pledge was given. The Board of Directors and the Administrative Staff also gave accounts of their headway to date, on their respective pledges of \$100,000 and \$25,000.

The Rev. John J. Madden of Freeport, gave the invocation, the Rev. Harold Roy Brennan, Rockville Centre, told of the self-satisfaction people derive from giving and working for such a worthy program, and Rabbi Peretz Halpern, of Rockville Centre, pronounced the benediction.

Harrison B. Wright, president of the Board of Directors, discussed the board's interest and active participation in the campaign to increase the hospital's facilities for the health and safety of the people in the hospital service area. Mr. Wright also introduced Miss Mary Pearson, hospital superintendent, to whom he paid tribute for her many years of service and outstanding work.

Dr. Glymer A. Long, chairman of the Doctor's Campaign Committee, to complaints concerning traffic violations in the northwestern section of the village.

Refreshments were served following the meeting.

## Atlantic-South Backs New School

Acts After Giblyn And Dodd Speak On Need for Building

The Atlantic-South Civic Association joined the organizations that have endorsed the proposed new Bayview ave. school for the southwestern section of the village at its monthly meeting Thursday night in the South Shore Yacht Club. The association acted after Leo F. Giblyn, president of the Board of Education and Superintendent John W. Dodd had outlined the need for additional school facilities in the area and described the plans for the new structure.

It was at this meeting that Mr. Giblyn revealed a way had been found to increase the number of classrooms from 18 to 21 without increasing the \$1,300,000 estimated as the cost of the project. This is to be done by a readjustment of several of the auxiliary class rooms and eliminating some excavating.

Mr. Giblyn said it was going to be a good, practical building with all the facilities that are needed.

Joseph F. Rosetti, instructor of Ornamental Horticulture of the State Agricultural and Technical Institute at Farmingdale, gave a talk on "Foundation Planting for the Small Home," illustrated with colored slides.

Mrs. Edmund Rosendahl announced plans for the moonlight sail scheduled for Friday night, June 30, aboard the *Saltfish*. The boat will leave Barney Brink's Dock at 8:30 o'clock.

Six new members were received. They are Mrs. Marie Feltman, Mrs. Walter Gynne, George Russell, Mr. and Mrs. Elmer Wodessky and Robert Ober. President W. E. Watson presided.

## Mohr Post Delegates Named to Encampment

Past Commander Frank Dater is to lead the delegation representing Henry Theodore Mohr Post to the State VFW Encampment to be held in Rochester next month. He will be accompanied by Commander Edward Johannemann, Donald Ray Straus, Edward Stoube, Donald Gaynor, Joseph Noel and Frank Baumann, who were named at the last meeting of the post in the Atlantic ave. clubhouse.

George Tomko, chairman of the 26th annual dance held recently, reported the event was a complete success. He expressed appreciation for all who assisted in making it so, and received a vote of approval from the members.

Mr. Noel explained to the new members that the post gives medals annually to the graduates of the Freeport schools who obtain the highest ratings in history and current events. Acknowledgement of such an award was received from Our Holy Redeemer school.

Ruth Floyd Woodhull Chapter, D.A.R., terminated its season with a Dutch treat luncheon at the Three Village Inn, Stony Brook, on Saturday. Forty-six members and guests attended the event which was in honor of Miss Donna M. Crittenden, retiring Junior State chairman. There was a short business meeting following the luncheon, during which Mrs. George H. Pierce was welcomed as a member by Mrs. Frederick W. Whitehouse.

Announcement was made that Mrs. W. Carl Crittenden had been appointed State chairman of the building fund.

Mrs. Whitehouse announced the personnel of committee members for the next year as follows:

Americanism, Mrs. J. W. Dodd; Approved Schools, Mrs. John Cleary; Convention, Mrs. A. W. Pines; Correct use of the Flag, Mrs. Curtis Fulton; D.A.R. Magazine, Miss Crittenden; D.A.R. Manual for Citizenship, Mrs. Dodd; Ellis Island, Miss H. R. Wallace; Girl Home Makers, Mrs. R. M. Lunt; Hospitality, Mrs. J. E. Clark and Mrs. Wilson; Junior Membership, Mrs. T. J. Burke; Junior Members, Mrs. C. C. Stanwood; Music, Mrs. H. C. Bennett; National Defense, Mrs. J. M. Brown; Press Relations, Miss M. L. Myers; Radio and Television, Mrs. M. M. Manserger; Special Building Fund, Mrs. C. E. Budd; Transportation, Mrs. Fulton, and President Ruth Floyd Woodhull. Society D.A.R. Mrs. Robert McLellan.

Mrs. Clarke was in charge of luncheon reservations, and Mrs. Fulton of transportation. Following the luncheon and meeting those present went on a historical tour to Setauket and East Setauket where they visited the old Jayne home owned by Mrs. Howard Sherwood, Caroline Church built in 1729 and restored in 1937, and the Setauket Presbyterian Church erected in 1860. The narrator of the tour was Miss Kate Strong. The following guests were present:

Miss Kathryn Jones, Mrs. Harold Raynor, Mrs. E. B. Pearson, and Virginia C. Everett, of Freeport; Mrs. Otto Kuhy, Mrs. Flavin C. Smith and Mrs. Marguerite V. Finch, of Wantagh; Mrs. David Martin, of Baldwin; Mrs. Lily B. Petty, of Massapequa; Esie B. Ryder, Blue Point; Daisy C. Furman, of Patchogue.

Mrs. Smith was chairman of the historical tour. The following delegates and alternates to the State Conference at Albany in October were elected:

Mrs. Whitehouse, Mrs. Ebbets, Mrs. Crittenden, Mrs. Smith, Mrs. Carl Tewksbury, and Miss Crittenden.

### The Leader Bookshelf

By MRS. ELIZABETH F. KELLY  
Librarian, Freeport Memorial Library

Franklin F. Gould has again given us a book which relates incidents of his childhood and of his growing years in "A Maine Man in the Making."

One in a family of several children, Franklin Gould still grew up after those first few years as an only child living alone with his father on a farm. He recalls for us incidents of his early school days, of the neighbors, of the manner in which life was then and there lived. The way in which they had to obtain their firewood should make us appreciate our modern heating systems.

"Fisher was a cruder" and there are interesting stories of these experiences. Mr. Gould writes "I was the son who walked to his father's side and listened to his words of wisdom." "He taught me to keep my word when given, but to be careful in the giving." "He told me that Maine was the best State in the Union." Though we are not told why the boy Franklin early left the farm and his father, we learn of many happenings during the years he spent clerking in "Old Job Lots," the master merchant and politician store.

There he learned more of life and of people but not enough so that he recognized the type of house in which he rented his first room when he went off to see the big city "Boston." But he agreed with his father that Maine was the only place to live and so, at last, this dream was realized.

Through this book, we gain a picture of the manner in which people lived on the farms and in the smaller communities some 60 years ago. If we feel that we today, do much to promote business and public relations we should read what "Old Job Lots" did during the time Franklin Gould worked there. Would that we could live the unhurried life they enjoyed!

### 200 Attend Breakfast Of Court Stella Maris

Rev. Raymond Neufeld Speaks on Pentecost; Guests Introduced

More than 200 persons attended the ninth annual communion breakfast of Court Stella Maris, C.D. of A., Sunday, May 28, in the Elks clubhouse. Miss Mary Russell, the breakfast chairman, introduced the Rev. Raymond Neufeld, Question Box editor of the Tablet, who spoke on "The Significance of Pentecost," a subject appropriate to Pentecost Sunday.

Father Neufeld analyzed the early history of the church and compared the persecution of the early Christians with that which is going on in countries under the domination of the Communists. The only way to overcome this situation, he said, was by prayer.

Miss Russell also introduced the Rev. John J. Madden, the Rev. Cleopas McCarthy of the Capitan Fathers who conducted a mission in Our Holy Redeemer Church; Miss Marie C. Curry, state regent of the C.D. of A.; Dr. Lulu Spilde, of St. John's College, Brooklyn, national director of education, and Mrs. William Pyper, of Amityville, the district deputy.

Also introduced were the following grand regents of neighboring courts: Mrs. Joseph Blaney, Ave. Marie, Roosevelt; Mrs. John Belinhardt, St. John Vianney, Merrick; and Mrs. Albert Gotthel, Ella Rita, Baldwin; John Hoertz, a member of P.C.K. Charles E. Egan Circle, Columbian Squires, told of the organization and activities of the order. Mrs. Romolo Capolino, of Merrick, accompanied Miss Arlene Kellett, of Baldwin, who sang several solos. Miss Margaret O'Keefe, grand regent, presided until she presented Miss Russell as toastmaster.

Officers recently elected will be installed at the monthly meeting Tuesday night in the school hall.

### White Exhibits Photos At L. I. Science Conference

Freeport High School was represented at the recent Long Island Science Congress by an exhibition of photography by Gordon White and a diagram of prismatically refracted light by Faith Minnery. Gordon has received national recognition of his ability by having one of his prize pictures, "Fun Time," exhibited on the cover of "Scholastic Editor" magazine. He received \$105 as an award in a contest sponsored by the Eastman Kodak Co., and he is staff photographer of the news service staff. Six pictures which he exhibited ranged from an on-the-spot photo of the Rockville Centre train wreck to a portrait of an F.H.S. Junior, Miss Ann Porter.

### BUILD WITH GOOD TASTE

THE BELVIEW has a combination living-dining room which forms a comfortable L-shaped room, with three exposures looking to the front, side and rear of the house. The small, well-arranged, compact kitchen has a cabinet on the end wall. The rear entrance of The Belview opens into a small utility room, convenient to the kitchen, from which the basement stairs lead.

The front and rear entrances of The Belview are connected by the center hall which also gives access to all rooms. There is a coat closet in the hall as well as a 7 foot long storage cabinet.

There is cross light and ventilation in all of the bedrooms. The bedrooms are also equipped with large wardrobes with storage space above.

The exterior of The Belview is of frame construction with siding. The straight lines of The Belview make it easily adaptable to the substitution of concrete blocks or brick veneer for the frame.

The main body of The Belview is 38 feet wide and 24 feet deep. It has 1069 square feet with 20,320 cubic feet.

### Getting Down To Building

The progressive, well-kept, restricted community is the first place you think of when you attempt to determine just where you want to live. Fine residential suburbs mean additional living expenses and, if you work in a nearby city, higher transportation costs to and from your place of business. But the value of your property as an investment, the quality of your neighbors and the good schools and good companionship afforded your children may very likely make such additional living expenses worthwhile. Select the highest type of locality possible, but be sure you can afford it.

If you choose a neighborhood that is already settled, you will not be called upon later to share the expense of installing sewer, water, gas and electric ducts, or street pavement and sidewalks. Choose a neighborhood that is free of substandard homes, well protected against deteriorating influences, replete with tangible and intangible values. Only the socially and physically integrated community can provide that sense of being "established." And it is the best kind of community for growing children. As an investment, your property should continue to be worth its original cost, and may increase in value. Neighborhoods become more and more valuable as they develop, and property in a business section is relatively higher in value than residential property. Certainly you do not want your home in a future business district—unless you expect to be driven out at a profit; but you do want to be conveniently near the schools, churches and stores. Study the tide of development to avoid settling in a neighborhood of depreciating character.

When you have surveyed the locality you wish to live in, you will need a real estate dealer who is thoroughly familiar with the community, well-known and long-established. If you try to buy property directly from the owner, you will pay too much for it. Property owners have a habit of enlarging upon the value of their land when someone wants to buy it. And while

it may be possible for them to fool you, they cannot fool the established real estate man who knows local property values.

You should never place a deposit on your home until you have looked at many pieces of property and have definitely decided which one suits you best. Weigh the values and advantages of one piece of property against those of the others you look at; consider the terrain—whether it is high or low, wet or dry—and bear in mind that it will cost more to excavate rock than it will soft soil, that it costs money to level or grade property, that trees may add several hundred dollars to the value of your lot, and that it is better to have too many trees than to have too few.

Have your architect look at the homesites you like best before you decide definitely which one you will build.

# HELP FREEPORT MOVE FORWARD!

Freeport must have increased school accommodations to meet the needs of a rapidly growing school population.

The situation in the southern area of our community is especially critical.

The present enrollment in Archer St. School of 820 exceeds capacity by over 200.

In the very near future, without considering the new homes and apartments under construction, the enrollment based on a survey of pre-school children will exceed 1,000.

You just can't argue with the stork.

But this is not all.

More than 400 permits for construction of new homes south of Atlantic Ave. have been issued since Jan. 1, 1950.

To what school are these families going to send their children?

In our opinion, the only answer is the building of the new school as proposed by the Board of Education.

Voting Date for this new school is Thursday, June 15, 1950.

Voting place is the High School Auditorium lobby from 12 noon to 9 P.M.

That community will be first which puts its children first in its thinking, its state craft, and in its ideals of conduct.

That community which has the highest regard for children will surpass all others in health, intelligence, morality, efficiency and happiness.

If Freeport is to move forward it must insist upon adequate school housing for all of the children of all our people.

We urge you to Vote YES for this much needed school.

Help Freeport Move Forward

Ray Clements

## Letters to The Editor

Dear Sir:

In your column entitled "LETTERS TO THE EDITOR" there is a letter from a Mr. A. C. complaining about the number of dogs running loose around Freeport.

Our society has just entered into a contract with the Incorporated Village of Freeport to act as their dog warden and to pick up stray and other dogs on call. Our contract has been sent to the Dept. of Agriculture and Markets in Albany for their approval. Just as soon as we have heard from them approving it, we will start to pick up some of these stray dogs which Mr. A. C. complained about in his letter to you.

Very truly yours,  
J. H. OBUKSHANK,  
President, L. I. Humane  
and Dog Protective Assn.

Dear Mr. Clements:

This is a time that words fall me. I am really lost for words to express the gratefulness of myself, Mrs. Harris and the members to you and the many friends who in such a big hearted way helped us in the concert that was put on for the benefit of the YOUTH CENTER.

Again many, many thanks, and may God bless each of you. We are getting under way now for the building of our YOUTH CENTER. Please express our gratitude to the presidents of the CHAMBER OF COMMERCE, and MERCHANTS ASSOCIATION.

Gratefully yours,  
REV. R. G. HARRIS

Dear Sir,

I have noted with pleasure the civic spirit expressed in THE LEADER. Perhaps that spirit will help improve conditions in our village.

One matter that I would like to bring to your attention is the condition of Brookside ave. This road which is used by many as a short cut to Hempstead is in awful condition. It is full of deep ruts and holes and a wonder that more cars do not get broken springs as a result of driving on such a road.

Yours truly,  
MRS. B. D.

Dear Mr. Clements,

I happen to live on Pennsylvania ave. which is considered one of the finest residential streets in Freeport. However, you will notice that this street is used by trucks all through the day and what is worse, all through the night. I repeat, this is supposed to be a residential street, but it is getting so it is almost impossible to sleep at night because of the noise these trucks make.

Isn't this a matter that our village authorities could do something about? I see in lots of communities signs which read "No Commercial Traffic." Such a sign would keep these trucks off Pennsylvania ave.

Yours truly,  
WM. A. MORRISAN

Dear Mr. Clements,

I noted with considerable interest the article in the LEADER regarding Mr. DeLisser. He states that because of the many drives we have in Freeport, it is quite impossible to enlist sufficient workers to carry on the Salvation Army drive. We hear a great deal about Community Chest drives in other communities and I wonder if this would not be the answer to the problem? We like your paper at home and wish you lots of success with it.

Sincerely,  
GEORGE SANDERSON

Dear Mr. Clements,

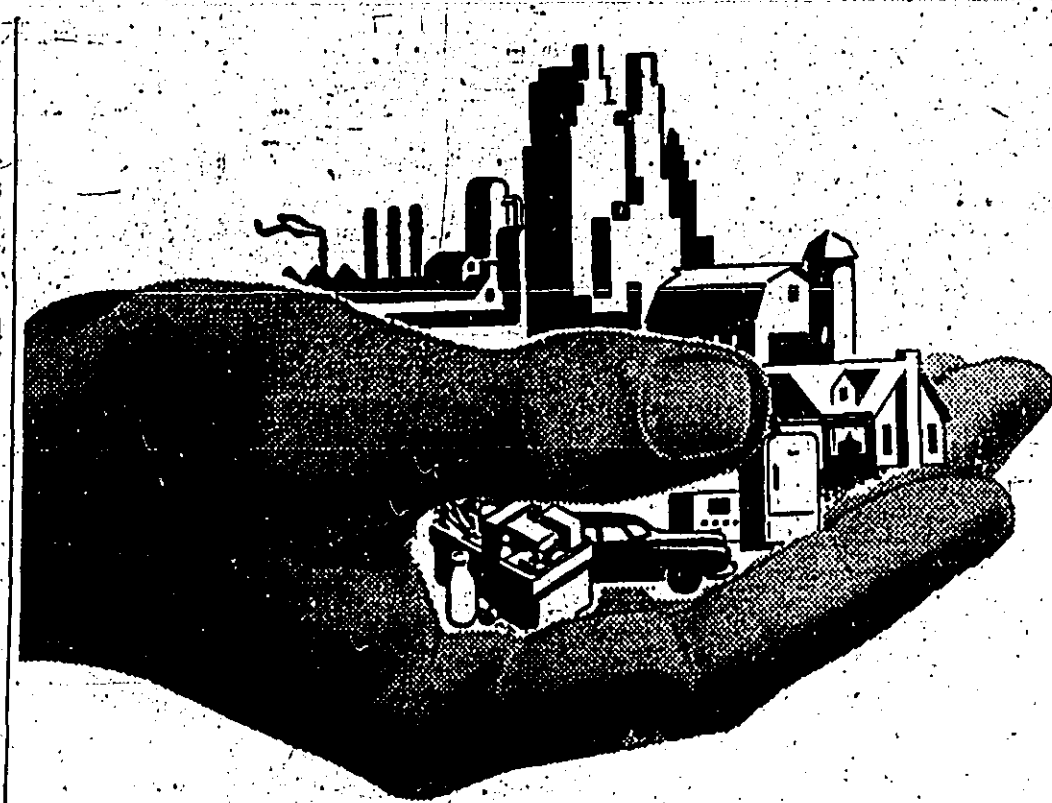

The Memorial Parade this year was one of the finest we have ever had in Freeport. All the organizations that took part in it were splendid, and I thought the firemen looked especially nice.

However, I was a little bit disappointed in the Freeport Band. I have always looked upon this as one of the top marching bands in the county, but when they passed by where I was standing they all seemed to be out of step. Contrasted with the Legion, Volunteer Firemen, Cub Scouts and Brownies they looked as though they were having a hard time of it carrying their instruments.

Yours truly,  
JOSEPH HIRSCH

Dear Mr. Clements,

As I told you, I think articles about "Old Freeport" would be very interesting for THE LEADER. After Judge Johnson has written

## How to Attract New Industries to Freeport

By DAVID M. MOLTROTH

Freeport, like so many other American Communities, has grown like Topsy. Forty to fifty years ago it was primarily a resort community considered a bit too far from New York for daily commuting. Like most resort areas any type of building could be built with little regard as to whether it enhanced or destroyed property values. As a result today in Freeport you will find beautiful homes right next door to undesirable property. The attitude of the citizens of Freeport not too many years ago was to discourage industry in coming to Freeport.

The first thing the citizens of Freeport should decide is do they really want light industry or are they just giving lip service to the idea? Perhaps it's time for self appraisal. Each citizen by asking himself these questions can best answer the problem as to whether or not Freeport should attract new industries.

Why do I live in Freeport?

What are the advantages and disadvantages?

What disadvantages of the moment can be turned to Freeport's advantage?

What types of service industries located in Freeport would make life more enjoyable?

What industries can be brought to Freeport that have a peak in employment during the Winter Months to offset the existing Marine employment of the summer?

To help further stabilize Freeport's economy.

What are the chances of attracting Long Island University or some other school to build its new college in Freeport rather than the North Shore?

With the cost of Government services mounting the Freeport taxpayer is on the horns of a dilemma. Does he want to individually assume an ever growing tax load or does he want to share these costs with industry? Does he want to change Freeport from a community of individual homes to a community of cliff-dwelling apartment houses? It's quite obvious that light industry would least disturb the tranquil existence of Freeport's citizens without affecting their property values and enjoyment of suburban living.

Each citizen should ask himself. Is Freeport now making the best use of its manpower, investment capital, plant sites and its location regarding markets? What does Freeport need to make and keep it prosperous? More and better jobs? Greater development of industry? More stores? An easier financing of industry to gear Freeport to the competitive and economic conditions of tomorrow's future?

When previous attempts were made for community improvement why did they fizzle out? How can these past failures be avoided?

The leadership of citizens of Freeport must make up their minds as to:

1. What Freeport wants?
2. What Freeport has?
3. What Freeport needs to get what it wants?
4. What Freeport can do to get what it needs?

The Freeport Chamber of Commerce could make excellent headway by allotting various parts of the job to the following sub-committees—Finance Committee, Publicity Committee, Historical Committee, Community Development Committee, Industrial Development Committee and Trade and Service Committee.

In promoting Freeport it can boast of being an excellent light industry community, an excellent marketing center, Long Island's foremost Recreation Center, a good Residential and Retail Center and Good Transportation Center (in spite of the complaints about the Long Island Railroad; to Chicagoans and other outside citizens Freeport has good transportation).

We have an excellent community, of which all of us should be proud. We can have an even better community if we as citizens work together for further improvement of our community. Next week we will get down to cases as to the jobs various committees could accomplish for a better Freeport.

some of his recollections, how about some supplementary articles? I think Mrs. Pitcher and Joel Pitcher, Mrs. Aaron, Dr. Dean, Dr. R. H. Scott, pastor of the Episcopal Church, Mrs. Weismore and Mrs. Seafoss would be very interesting and also others who had been here or spent most of their lives here. Mrs. Anna Verity remembers when the east side of Main st. from the Sunrise highway to Merrick rd. or most of it, was a field where the boys played ball.

Yours,  
DAISY WINSHIP (Mrs. Wm.)

## Appleton's Corner

By NORMAN APPLETON

After all of the wet weather we've had, your lawn should look lush and green; that is, if you've

seeded all those bald spots and given the grass the lime and food that it needs. If there's any moss in your lawn, it is a sign it needs a heavy liming, at least 4 lbs. per 100 sq. ft.; if it's pale and yellow-green in color, it needs a deep dark green; it needs a well-balanced grass food such as SCOTTS TURF BUILDER; if it's weedy, it needs SCOTTS WEED AND FEED.

Spray your roses at least once a week from now on with a nicotine sulfate spray such as BLACK LEAF 40, to keep plant lice under control; also dust with SULFUR about once in two weeks to prevent black spot and leaf mold. The exhibition type of chrysanthemums should be separated and transplanted NOW before they get too large. They will need a ROTENONE DUST or DDT SPRAY at least once a week all during their growing season.

To wash your car, house, or boat, we have the new WONDER WAND BRUSH; it attaches to your garden hose, and the 4 ft. aluminum handle gives you that extra reach, to get the top of your car or the bow of your boat spot and span.

Around flower beds and borders, you will find the new ERECTA FENCE easy to use; a box of 20 sturdy units makes 20 feet of single scalloped fence, or 10 feet of double scallop; it can be run in any shape you desire, and can be moved from place to place as your gardening needs require.

Are you on our mailing list for "SUBURBAN HOME," our monthly direct mail magazine? ## 29-Ounce Baby At South Nassau Survives And Leaves Incubator

A little baby was born in the South Nassau Communities Hospital on March 20. Just how little, can be imagined from the birth weight recorded on this mite's chart. It was 29 ounces,

or one pound and 13 ounces. Just about as much as an ordinary loaf of bread weighs these days.

This premature infant, born at the five months and three weeks stage of formation is named Ruth Lynn Zwirz and she is the only child of Mr. and Mrs. Robert Zwirz, 59 Park ave., Malverne.

The baby was immediately put into an incubator with oxygen, and kept under this treatment for three weeks. Then for one week, although still in the incubator she was given partial oxygen treatment. A week ago she came out into the world, and was put into a regular bassinet, like and hardy newcomer to the hospital's nursery.

The first eleven days of her life were rather discouraging to all concerned. She went down to one pound and eight ounces, and stayed there for three days. According to medical records, only about 10% of infants this small and this premature ever survive. Weight is practically the sole criterion of progress. By dint of skilful and ever-vigilant care by a chain of nurses this baby is now up to the weight of four pounds—more than twice her birth weight—and she is gaining daily.

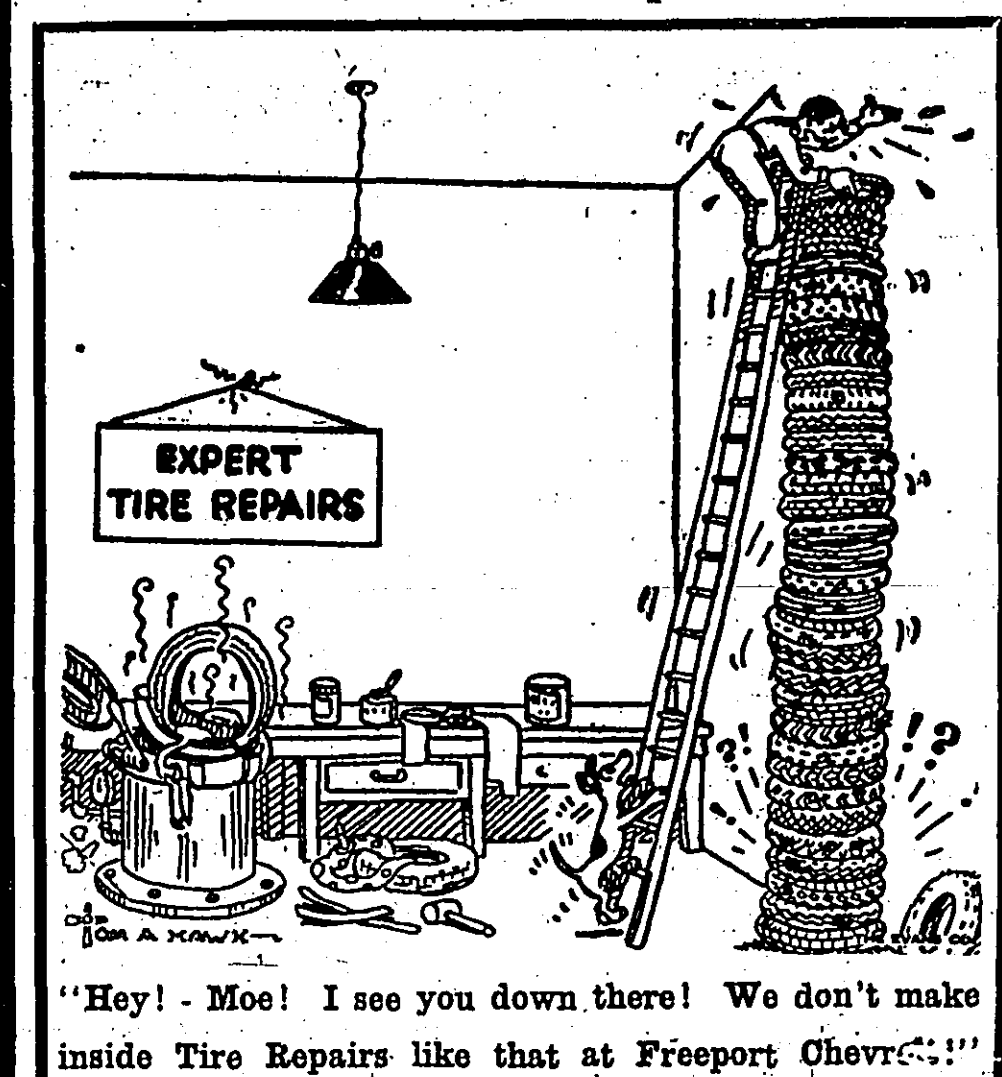

Recently Ruth Lynn had her first picture taken. The photographer happens to be one of her nurses. She is Miss Jessie Barr, of Rockville Centre, who does free-lance children's photography as a side-line to her regular nursing career.

Others on the nursing staff who should get full credit for their wonderful work in bringing this little baby's life expectancy up to par, are Miss Dorothy Smith of Baldwin, Mrs. Elsie Stauber of Rockville Centre, Mrs. Betty Reda of Valley Stream and Mrs. Helen Theabald of Freeport.

## Hempstead Town Home Gets Television Today

The East Nassau Section of the National Council of Jewish Women is to present a television receiving set to the Hempstead Town Home for the Aged in East Meadow this afternoon at 2 o'clock.

The women recently gave a luncheon in the India House, Bellmore, to raise funds with which to purchase the set, after members had visited the home on several occasions and realized how the members of the family there would enjoy television. These visits have now become a monthly event. Entertainment will be provided at this afternoon's event, which will be

## Ageing Face Many Problems In Life, Educator Tells Community Council

In her recent talk before the Freeport Community Council, Mrs. Henrietta Rabe, superintendent of education for the ageing and the aged of the New York State Department of Education outlined the needs for developing a program for the benefit of this group of the community's population.

She started off by considering the employment and financial needs. "Age barriers and fixed retirement policies make it virtually impossible for a great many older people to work in spite of their desire, capacity, and need to do so," Mrs. Rabe said. "I am not just referring to the person in his sixties, but to the person in his fifties and forties who is discriminated against solely because of age. Superannuation hits women even earlier than it does men. Many women seeking employment find that they are considered too old in their forties and sometimes, in their thirties for a great many positions. And the condition is even worse for the woman with no work experience who finds it necessary to look for employment in her middle years."

"Inadequate social security and spiraling prices have added further financial hardship to a lot of older people. In consequence, only 50 percent of the people 65 and over are self-supporting either through employment, savings and pension."

**Mental and Health**  
"The next problem relates to mental and physical health. Although medical science has increased longevity, it has not yet found the answer to the chronic diseases, the incidence of which rises rapidly in the middle years. Chronic illness is often disabling, is prolonged and costly and often beyond the means of the older person. In addition, to its costliness, facilities for treatment and cure are inadequate in all communities to date, and in many communities entirely lacking."

"Mental health for older persons presents an equally pressing problem. At the present time 40 percent of our first admissions to mental institutions in New York State are people sixty years of age and over. It is reported that less than one-third of these mental disturbances are due to physiological or organic deterioration. The majority of

these cases are the result of sociological factors such as financial and economic insecurity, loneliness, inactivity, and general withdrawal from the total social group.

"Dr. Edward Stieglitz, one of the world's leading geriatricians, says this about aging. 'While we cannot halt deterioration or aging of muscular and nervous systems, its speed can be altered. Aging can be hastened or slowed down.' Other recent medical findings indicate that through proper nutrition, a sympathetic environment, and activity, mental and physical deterioration can be retarded."

**Social Relationship**  
"The next problem of the aged relates to changed family and social relationships. Whereas at one time the family was the traditional unit, including the aged parents, especially the widowed parent, it increasingly is becoming the pattern for older persons to live alone and to be expected to take care of themselves."

"This is not necessarily an indication of changed familial devotion, but has been the result of the change from an agricultural to a technological society, bringing with it urbanization, mobility of population, small family dwelling, and the individual as a wage earner. These changes have profound effect upon the lives of a great many older people who are finding it necessary to find substitutes for family life—acceptance, companionship, affection, understanding. Since 50 percent of our married women are widowed at age sixty-five, you can see how much this is a woman's problem."

"But it is the retired man's problem, too. For retirement means loss of daily associates and frequently the necessity for a new place to live."

"There are becoming more and more two-unit families consisting of older people in addition to older people living alone. Yet adequate and inexpensive housing for older people is practically non-existent in our country today."

**Substitution for Jobs**  
"Our next problem is that of interests to replace one's job. Activity is a biologic necessity. Yet many people reach retirement and later life with no interests. You've seen many of them. Once they were dynamic men, now they putter around the garden or rock themselves on the porch. Suddenly they succumb. The 'death certificate' may say coronary thrombosis, but actually it was retirement shock."

"Although there is no official date of retirement for mothers, there comes a time when they have to retire from the job of rearing the family and live on a psychological pension and find interests other than that of their earlier job. 'This age of specialization in which we are living has so tended to narrow and limit the interests of

## 45 Legion Posts Join In Promotion of Circus

The earnestness with which Nassau County American Legion Posts have undertaken to provide funds for welfare work among the permanently disabled veterans in Long Island military hospitals is indicated by the speed with which the Posts have united to sponsor the forthcoming benefit engagement of the famous Ringling Bros. and Barnum & Bally Circus.

For the first time in history the "Greatest Show on Earth" will be presented on Long Island, playing a two-day stand at Westbury tomorrow and Saturday, with two performances daily. Funds obtained through this showing will be used by the various Posts to continue their welfare work in the veterans' hospitals.

Beginning with Post 304, Manhasset, the number of Posts now participating in this altruistic venture has grown to 45, including almost every village in the county in which a Legion Post is located. Circus seats are for sale at all participating Posts.

Housed in 52 tents, including the "Big Top," menagerie and side shows, the circus will be located on a 47-acre site loaned by Laboratory Furniture Co., Inc. of Long Island City. Situated on Old Country Road near Wantagh Parkway, adjacent to Northern State Parkway, twelve acres will be occupied exclusively by the tent city that constitutes the circus. The remainder will be organized for parking with easy entrance and exit, under supervision of the Westbury Legion Post.

people that when one's job is over, what to do is a major problem. Inherent in almost every individual is the desire to express his total personality, limited through specialization, but need direction for doing so."

**Leisure and Opportunity**  
"And the last need relates to re-maintaining a part of the total community throughout life. The leisure of retirement should mean greater opportunity to serve the community, to do the jobs that the employed busy people do not have the time to do yet how few communities are making use of the knowledge, skills and experience which were developed during the working life of its older people. Here are doctors, preachers, carpenters, lawyers, teachers, mothers, whose talents are going down the drain."

"It doesn't require much imagination to envision the valuable resource that exists among this retired group that would enrich the community. We talk about conservation of our natural resources, without giving thought to the conservation of human resources for the benefit of society."

## Little Linda Lariar A 'Lady in Waiting'

Linda Lariar, a Freeport student, was one of four "ladies in waiting" on the Queen at the May Day exercises of the Children's Theatre Adelphi College, Garden City, Saturday, May 20. The youngsters, emulating the college students, selected Mariena Egeler, 11, of Garden City, as their queen, and she was crowned by President Paul Dawson Eddy with appropriate ceremonies.

The crowning of the May Queen was a part of the final program for the year of the Children's Theatre. Following this ceremony, a play, "The Plain Princess," was given by theatre members, under direction of Philip Hymes.

## Grandchildren Share In Primavera Estate

Numerous grandchildren are named in the will of Anthony Primavera, 43 Hanse ave., who died in his home in Feb. as filed for probate with Surrogate Leone D. How-

ell. The estate is valued at more than \$11,000 according to probate papers filed by James A. Warner, attorney for the estate.

A \$1,000 "E" bond was willed to a grandson, Anthony, and other \$500 "E" bonds to other grandchildren as follows: Ann, Louis, Jr., Thomas, Carmella, Sharon and Joseph Primavera, all of Freeport.

Three-quarters of the residue is to go to a son, Joseph, and the other quarter to another son, Thomas, who is named executor. The will was dated June 23, 1947.

An appropriation of \$25 was made to the Cardiac Home for Children and announcement was made that 4,000 Buddie Poppies were disposed of during the recent campaign. Refreshments were served following the meeting.

### Temple Sisterhood Forms Cancer Dressing Group

A cancer dressing group has been organized by the Sisterhood of Temple B'nai Israel and will meet once a week in the Vestry of the temple on Broadway. At a recent meeting of the Sisterhood, Mrs. Samuel Fishkind, who proposed the project, asked if some woman would volunteer to serve as chairman. Mrs. Irving Broudy did so, and Mrs. Herman Feinstein will act as her assistant.

The first session of the group is to be held in the Temple Monday at 1 P.M., when Mrs. Moore, of the Nassau County Committee will brief the women on the making of the dressings and the need for them. Mrs. Fishkind said there was a dire need for cancer dressings, and as a result it is planned to continue the work throughout the summer.

Mrs. Fishkind added that the Sisterhood would welcome it if groups of women from churches and other organizations joined in the project. Further information can be had by telephoning Mrs. Broudy, Freeport 8-1977, or Mrs. Feinstein, Freeport 9-9844.

the matter would be tabled indefinitely, that existing ordinances would be continued in operation, and that probably beginning next year funds for the work would be provided in the annual budget.

**To Care for Dangerous Trees**  
He warned, however, this did not mean that the village would agree to take care of the tree of everyone who applied for its removal because it blocked a driveway or something of the sort. Only trees, which are in a rotting condition and likely to fall constituting a menace will receive consideration, he indicated.

Trustees Leonard D. B. Smith said it would cost from \$30,000 to \$100,000 to remove trees that are known to be in a dangerous condition at this time, which expense the village could not afford to undertake at this time. He indicated the annual budgetary item would be in the vicinity of \$10,000.

A complaint was received from residents of Evans ave. that "dead head" bushes were being operated through the street at high rates of speed. Police Chief Peter Elar was instructed to see that the practice was stopped.

Permission was granted Henry Theodore Mohr, Post V.P.W., to conduct a carnival at Sunrise Highway and Bayview ave., during the week starting Monday, Aug. 28.

### Carolyn-Jean Sprower Gets Washington Degree

FREDERICKSBURG, Va., June 8.—Carolyn-Jean Sprower, daughter of Mr. and Mrs. John L. Sprower, 210 Miller ave., Freeport, N.Y., was one of 224 graduates who received diplomas at the commencement exercises of Washington College of the University of Virginia held in George Washington auditorium Monday morning. Dr. David C. Wilson, dean of Hampton-Sidney College, gave the address.

Miss Sprower, a graduate of Freeport High School, has majored in English. A Dean's list student who has won the Alumnae Daughters' Cup for scholarship for three successive years, she is secretary of Cap and Gown, the senior honor society, houses president of Madison Hall, secretary of the Alumnae Daughters, a member of the Speech Club and Eta Sigma Phi, a national classical society and was class treasurer during her junior year.

### Sewanhaka Lacrosse Ten Bests Freeport 14 to 5

The Sewanhaka High School Lacrosse team proved too strong for the Freeport High School squad and won by a score of 14 to 5 in the final contest of the season Tuesday afternoon at the stadium. The only real satisfaction the losers got out of the contest was that in scoring five times against the visitors, they equaled the best count made by any other ten against them this season.

For about half the game there was the semblance of a contest. The visitors scored twice in the first quarter and Walter Nestvogel netted a goal to make the count 2 to 1. In the second period, Nestvogel and Holter counted for the Red and White, but the Sewanhaka squad added 3 and the half ended with the margin 6 to 3 in favor of the visitors. The Red Devils increased their total to five in the third period when Nestvogel and Joe Masone tallied, but the visitors raised their lead by three, and while the locals were held impotent in the final period, the Floral Park group added five markers to make the final count 14 to 5 in their favor. Bruce Yancy of the invaders scored 7 goals, beating his previous record of four by three.

### Central Nine Takes Title By Defeating F.H.S. Twice

The Freeport High School baseball team had a disappointed ending to the season when it lost the title of Section One of the South Shore competition to Central High School, Valley Stream.

It had a chance to clinch the championship Monday in a contest in Valley Stream, but lost by a count of 6 to 4, as a result of a five-run surge in the third inning to end the schedule with the two teams tied for first place. In the play off at Higgins Field, Rockville Centre, Tuesday, Central triumphed again, this time by a count of 12 to 2. Simmons failed to keep Central in check in the first game and Schmidt was equally unsuccessful in the second.

### Mrs. Henry Smith Named Redeemer Auxiliary Head

Mrs. Henry Smith was elected president of the Ladies Auxiliary of Our Holy Redeemer School, succeeding Mrs. James Ustica, at the annual meeting Monday night in the school. Mrs. Arthur Metzgar was named vice-president, Mrs. David Neely, treasurer; Mrs. Henry Blizard, recording secretary; Mrs. Martin Debus, financial secretary, and Mrs. Robert Schmelling, corresponding secretary.

The installation will take place at the first fall meeting on Monday night, Sept. 11.

It was decided to give the annual party for the graduates of the parochial school on Wednesday night, June 28. It also was voted to conduct an annual memorial mass for the deceased members of the group, the first to be held Sunday, Sept. 10, at 7 o'clock.

Refreshments were served by the Seventh Grade mothers who also received the attendance award.

Bill Ashby's CORNER

The Freeport Boosters' Club is putting on another of their affairs for the athletes of several of the teams of the high school this Friday night. This organization has done a great deal for our local sports through the sponsoring of trophies for team play and sportsmanship and by having dinners at which the teams are recognized. This time, in addition to the awards, a dance will be held and members of the basketball team, baseball team, track, rifle and lacrosse teams will be invited with their guests.

The money for all this is almost entirely the result of the income from the football programs put out in the fall. Speaking of the program, it is pretty much the work of Bill McKenna who has done an outstanding job and has turned out a program that can compare favorably with most college programs and surpass many. Bill has had a lot of helpers who have done a swell selling job and have spent many an hour selling ads, etc. Local merchants who support the program not only get some advertising but also make it possible for us to continue our work along these lines and I hope that the various members of our sports teams along once in awhile and appreciate these efforts.

With three out of three against Baldwin this past week, the ball team now faces Central and can win the South Shore championship by the time you read this. Coach Tremper has had the problem of getting an infield to back up his outstanding battery but seems to have done well enough to stay at the top all spring.

Last week the All-Star Lacrosse team came out and Freeport placed Carl Simone and Charlie Krummel on the first team, and Carmen Chimeri and Jerry Simandi on the second team. This is quite feat for boys in their first year of competition against teams that have been going for years. This group is chosen from players in the entire Metropolitan area from both the public and private schools.

Once again to lacrosse. If you saw the All-Star game at Jones Beach I think you will agree that the sport has great spectator appeal and only needs publicity to get going. Our Freeport boys, Simandi, Chimeri, Masone, Krummel and Simone were outstanding, scoring five of the twelve goals and starting in pretty fast competition. It's strange that this oldest of American sports is so unknown hereabouts. Down around Baltimore it draws large crowds and over twenty-five thousand have seen the yearly North-South game; which by the way is being played this week with the North installed as the favorite.

Leo Netter from the Beach, did a masterful job of broadcasting the game last Saturday and hopes to be able to put on night games in the future.

**ODDS AND ENDS** . . . All the main this spring may have been bad for sports but it sure has made the grass grow on the new athletic field which seems to be coming along fine and which we hope to have in shape this fall. It's going to be nice to have enough room to run signals without tripping over somebody.

Jake Kederburg is again packing them in at the Stadium and you may be surprised at the barber pole look of the rack and crash wall which has been painted to help the television show.

With the best diamond on Long Island it's too bad that the Stadium can't bring in and support a top ball team. Talking about facilities, it's too bad that we haven't more hand ball courts in town. The one in Randall Park is really well used and a couple more might help Harry Ebels and Len Dobbins from journeying to Mitchell Field in search of exercise.

Congratulations to John Cleary and Ed O'Malley for placing in the County and Sectional meets.

Until next week.

## Forest Jewelers Meet Nutmegs Next

### 1949 Champions Likely To Put Local Girls To Severe Diamond Test

The Forest Jewelers will be put to a severe test Sunday night when they tackle the Nutmegs of New Haven, Conn., champions of the American Girls Baseball Conference at the Municipal Stadium at 8:30 o'clock. The local contingent has won three games without a set back and the Nutmegs have two victories and no defeats to their credit. Playing as they are, the Jewelers are embued with confidence in their ability to take over the 1949 title winners.

Sunday night, the locals completely outplayed the Hollis girls nine by a score of 10-2, and had them shutout until the ninth inning when Elsie Bartels, pitcher for the Jewelers, momentarily lost control and walked the first two batters, which gratuities were turned into runs. The Hollis contingent made only three hits off the slants of Miss Bartels, who struck out eight of the opposing batters, and walked only three having won a superb control until the final canto.

Mary Barone, the Hollis pitcher, had a better strikeout record, striking out batters, but the Forest Jewelers connected when this count-er. They amassed eleven safeties, including a double by Ruth Zimmerman, the 15-year-old first baseman, the only extra base blow of the game. Miss Bartels not only pitched well, but made two hits in four trips to the plate. The demon batter, however, was Ethel Kunz who after striking out to start the game, connected safely the next four times, she faced the opposing hurler. Ethel was rather untidy in the field, making three miscues, but atoned for her lapses by her hitting. A ninth-inning error was a contributing factor in the two runs scored by the invaders.

The Jewelers broke the tie in the third, when Miss Kunz bunted safely, pilfered second, was sacrificed to third and scored on a fly-er. They added three more in the fourth, put two more in the fifth, and hit only one in the sixth, once in the seventh and then four in the eighth. In all, every inning the locals had one out before they batted.

The visitors escaped a shutout in the ninth when Miss Bartels walked the first two girls up, and Miss Kunz, fumbled Miss Barone's grounder, filling the bases. A force at second permitted the first runner to score, and the next run came in on a filder's choice.

## Scopinich Again Wins P.B.C. Sealed Races

At Scopinich, with his S-94 again captured the honors for the day at the second of the Outboard Sealed races at Port Jefferson. He won the first heat and was the runner up in the second, to amass 700 points. However, Joe Grumbles, with his H-29 broke into the winning column by taking the second heat and scoring 525 points.

The heats consisted of three laps around a triangle and Scopinich nosed out Bob Levy by a length in the first. In the second, Scopinich, Levy, and Skipper Lewis finished behind Grumbles. Due to lack of trailers for the boats, some of the boys were not able to get their craft to Port Jefferson and so were reduced to the status of spectators.

Scopinich scored 700 points for the day, Grumbles, 525; Levy, 525; Lewis, and Robert Gregie, 296 each; Jack Sonderlicker, 190; John Montez and Irving Nelson, 155 each and Frank Welens, 130.

Dates for other races are as follows: June 25, 11 A.M., July 23, 1 P.M., and August 20, noon, Merrick; Sept. 3, Mastic Beach, and Sept. 4, Port Jefferson.

## O'Malley and Cleary Picked For West Point Competition

Having successfully survived the keen competition in the South Shore Athletic League and Nassau County championships, co-captains Ed O'Malley and John Cleary acquired new laurels in the Long Island Track and Field Championships at Patchogue on Saturday. O'Malley put the shot 48 feet 3/4 inches to place third behind two record-breaking performances. Cleary turned in a well-run mile in a creditable 4:42 clocking to place third behind the Nassau and Suffolk County mile champions.

By virtue of these placings both boys have been chosen to represent Long Island in a giant New York State Track and Field Championship Meet at West Point on Saturday.

## The Belmont Stakes To Be Run Saturday

This is the week when the early season racing in America rises to the same peak of "Derby Week" in England. It is the week of the running of the Belmont Stakes, oldest, longest and most important of the country's Spring trio of classics.

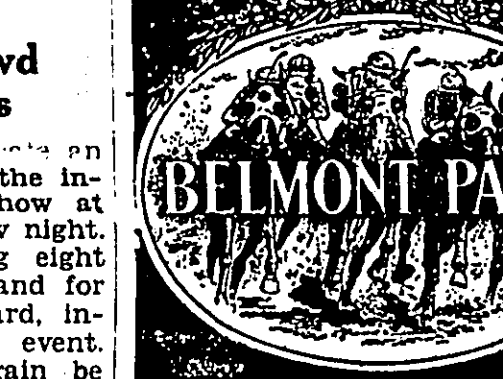

At the true Derby distance of a mile and a half, this old race started in 1867 and has been run eighty-one times when Greentree's Capot won a year ago—has seldom drawn big fields, but almost never has been won by a horse whose name did not live afterwards in the annals of the turf. By this time, the top flight horses have been proven in the earlier tests of the season and the lesser ones have fallen by the wayside. That's how this race has come to be known as "The Test of the Champion."

How well that title has been lived up to is indicated in the records of nine of the winners of the Belmont, Colin, Sir Barton, Man o' War, Gallant Fox, War Admiral, Whirlaway, Count Fleet, Assault and Citation. Of this group, only Assault ever went unplaced in any of his starts as a three-year-old.

**FREEPORT YACHT CLUB PLANS STAG CRUISE ON SATURDAY**
